EMERGENCY PREVENTION / RESPONSE MEASURES for YOUR HOME and FAMILY

~ Let's check our readiness and preventative measures for a big disaster ~

< Evacuation Bag for Time of Emergency >

In your home, do you have an Evacuation Bag ready to go? Let's use the check lists below to prepare the bag, or check that your bag is equipped with necessary items. Especially important item is the stock of drinking water and food. Keep the stock for at least 3-days use, with an estimate that a person will need 3 liters of water per day. In addition to these items, each household should include items that serve the family's particular needs, such as medicines and disability support gear. It is recommended that you prepare an Evacuation Bag with a back-pack so your hands will be free when you are on the move.

Basic necessary items (have in Evacuation Bag)	
	Drinking water
	Food suited for emergency shelter situation
	Cash and items needed for financial procedure (<i>Inkan</i> , bankbook, insurance certificate, etc.)
	Helmet, protection hood
	First-aid medical kit, medicine for personal needs
	Flashlights
	Portable radio player
	Batteries
	Work gloves
	Lighters & matches
	Clothes (include sweaters and jackets)
	Underwear
	Blankets
	Writing tools & notepad
	Wet wipes
	Sanitary goods
	Towels
	Rain-gear
	Heating pads (<i>kairo</i>)

For family with a baby	
	Baby formula & baby bottle
	Baby foods in packet
	Diapers and underwear

Other necessary items to stock	
	Drinking water for 3-days use
	Food suited for emergency situation
	Underwear
	Clothes
	Portable toilets
	Plastic sheet
	Portable cookstove
	Cling wrap
	Rope

Make sure to...	
	Stock water for various use (in bathtub etc.)
	Confirm where the emergency bag is stored
	Confirm where the electric switchboard is located

< Earthquake Disaster Measures >

We cannot keep earthquakes from happening, but we can take measures to minimize the damage. Please check the risk factors in and around your home. It is important to recognize them and take actions.

Check for your house...

- Your house has received Seismic Diagnosis.
- Block fence and gate structure are checked for earthquake resistance and reinforced.
- Roofing tiles and antennas are checked and secured.
- Goods that may fall down (planters etc.) are not placed on window sill or balcony fence.
- Clothes poles (for laundry drying) are secured
- Balcony partition and evacuation hatch are not blocked (in apartment buildings)

Check in your home...

- Furniture and home electronics are secured.
- In storage furniture, heavy-height items are stored in the lower part, and its' doors have stoppers.
- Tall furniture have a slip-prevention structure added on the top to keep the items placed atop from falling.
- Window glasses are covered with shatter-proof sheet.
- Slippers or room shoes are always in a room in case for the glass/china fragments scatter on the floor
- Things that can be a risk for blocking the way are not placed by exits and pathways.
- Evacuation bag is stored where it can be easily picked up.
- Fire Extinguishers are stored at the easy access points.

LIVE BUS LOCATION INFORMATION SERVICE for HAMU-RUN

A new service has started for *Hamura* City community bus *Hamu-run*, *Hachi-bus* (*Hachioji* City community bus), *Runo-bus* (*Akiruno* City community bus) and all local buses operated by *Nishi Tokyo Bus Co., Ltd.* This is an online service which provides the real-time information on expected arrival time of your desired bus which is calculated based on the information of actual bus locations on the roads acquired by satellite transmission. The website can be accessed with a mobile communication device or PC.

Access from your Mobile Device

Read the QR code posted on the information board at each bus stop, and follow the instruction to open the webpage “リアルタイム運行状況検索”. On the search page, enter the name of bus stops where you are boarding (乗車する停留所名) and getting off (降車する停留所名), then click on “検索”. You will see the scheduled arrival time and actual expected arrival time of the next two buses on your route approaching to your stop.

Access from your PC

Go to the search page on the *Nishi Tokyo Bus Co., Ltd.* Website. (<http://www.ntbloc.com/blsys/loca>)

You can search for the real-time service information either by-

A) entering the bus stop names (停留所名から検索) or B) finding your bus stops on the map (地図から検索).

A) Click on the red box “停留所名から検索”. Enter the name of bus stops where you are boarding (乗車停留所) and getting off (降車停留所), then click on “検索”.

B) Click on the blue box “地図から検索”. The map will show all the bus stops in the area covered by this service. First click on the bus stop where you are boarding and select “乗車停留所に指定”, next find the bus stop where you are getting off and select “降車停留所に指定”, then click “検索”.

In the search result chart you see the service information of several busses on your route - scheduled arrival time (時刻表), actual expected arrival time (到着予測時刻) and expected destination arrival time (目的地着予測). The yellow-highlighted bus will get you to the destination stop with shortest duration.
